11. (U) This is an action request; please see paragraph 14.

12. (SBU) U.S. Geological Survey (USGS) scientist Dr. David Ellis made explicit allegations against Abu Dhabi Crown Prince Shaykh Khalifa bin Zayed Al Nahyan and Minister of State for Foreign Affairs Shaykh Hamdan bin Zayed Al Nahyan for involvement in falcon smuggling in a paper he presented at the World Working Group of Birds of Prey Conference in Hungary in May 2003. Secretary General of the Environmental Research and

SIPDIS

Wildlife Development Agency (ERWDA) Mejad Al Mansouri has inquired repeatedly of the Embassy if Dr. Ellis was presenting his own views at the Conference or speaking on behalf of the USG when he presented his paper.

¶3. (SBU) We are unable to determine from available information whether his paper represented his personal opinion or USG views. In a conversation with the Charge, Mansouri alleged that the paper Dr. Ellis presented at the Conference had a Department of Interior logo. However, on Dr. Ellis' website, the paper he delivered at the Conference appears to indicate that he is representing an Institute for Raptor Studies based in Oracle, Arizona. We have been unable to obtain any information about this Institute. On the website devoted to the Conference, the abstract of Dr. Ellis' oral presentation cites his name and the USGS Southwest Biological Science Center, but then lists the address of the Institute and a personal email address. Post has not/ not contacted Dr. Ellis directly.

¶4. (SBU) Action request: Embassy Abu Dhabi would like to respond to the UAEG's inquiries and find out if Dr. Ellis was presenting his own opinions or speaking on behalf of the USG at the World Working Group of Birds of Prey Conference. End Action request.
